## SERVICE BOARD IS SURPRISED

Upon Learning of the Action of Council.

## ATTEMPT WILL BE MADE

To Enforce Law Without the Council's Help.

Contracts Awarded for Construction of Sidewalks—Public Parks Being Prepared for the Summer.

When Clerk Fies reported to the Board of Public Service last night that council had refused to make an appropriation for superintendents to enforce the road tax law as had been requested, his remarks were met with a silence that was only broken when one of the members introduced some sidewalk matters for the consideration of the board.

At its last meeting the board passed a resolution asking council to appropriate \$640 with which to advertise the law and to employ superintendents to enforce it. It was expected that practically all of the residents of the city could be compelled to pay \$3 to the city or to work two days on the streets. The members were doubtless very much surprised at the action of the council but on one was willing to commit himself at last night's meeting. It is expected that the board will evolve another plan to enforce the law without the assistance of council.

The bond and contract of Mann and Stouffer for the construction of cross walks was approved by the board. The street commissioner was instructed to proceed under the direction of the engineer with a ditch of North Main street that is to run from a point close to Lincoln park to Fairground street.

Bids for about a half mile of sidewalk on Scranton avenue, York and Henry streets, were received and the contract was awarded to O. J. Noble. The sidewalks will be constructed with Taylor stone, manufactured in Radon, Ohio. The stone has never been used here before and the members are confident that it will be very satisfactory. The work is to be completed by July 1.

It was reported that sidewalks are needed on both sides of Pennsylvania avenue and on one side of Madison avenue. On several other streets the wooden sidewalks are in a very bad condition and the need for sandstone walks is imperative. It was decided to pass a resolution at the next meeting asking council to order the construction of the walks.

The city solicitor was quoted as saying that at any time the commissioner finds board walks in a dangerous condition he is privileged to tear up the boards, throw them over into the owner's yards and report the matter to the proper authorities. In many of the outlying districts the board walks are in such a condition that passers-by are liable to be seriously injured. The commissioner will make a tour of those streets and report the dangerous places to the board.

Mr. Bain, superintendent of public parks reported to the board that the work of beautifying the park is progressing nicely. He advocates the planting of trees on a large scale next year as many of the trees are being destroyed by a variety of causes for which there is no remedy. It is probable that a number of the largest and most desirable shade trees will have to be cut down on this account. The band stand which will be erected by the board at Garfield park will be built in such a manner that the superintendent will have a place beneath the stand to store tables and seats to be used by picnickers during the summer. Mr. Bain said that the dogs are very numerous in the parks and prevent the squirrels from becoming as tame as they would otherwise. One of the members suggested the shot gun as about the only remedy for the dog evils.

Superintendent Burnett of the disposal plant reported that 296 barrels of garbage, 8 barrels of night soil, 2 horses and 2 barrels of offal were received at the plant during the past two weeks. After allowing bills amounting to \$783 the board adjourned.

Health Officer Lutz reported four cases of measles, two of pneumonia and one of mumps at the meeting of the board of health. A number of minor matters in connection with the operation of the health department were discussed by the members.

Leave your measure for your spring suit at Joe Voli's, North Main. 3-1511

## UNCLAIMED LETTERS

Following is the list of unclaimed letters remaining in the postoffice at Marion, Ohio, for April 4, 1907:

## Help a Little.

A box is being filled for Mary Allen, independent missionary to Africa. Donations of canned tomatoes, cocoa, condensed milk, calico, muslin, hose, shoes, soap, rice and malted milk will be thankfully received. Dear friends, do not be afraid to give a little, if it is only a spoon of thread or a can of condensed milk. Call up Bell Phone 288 R. 2 or Citizens Phone P on 300.

## EUREKA!

Yes I Have Found it at Last.

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night, and wash with cold water, to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Ongley, Rottville, Pa. For sale by all druggists.

## MR. H. B. HANE

OF THIS CITY

Elected Secretary of the C. D. & M. Electric Road.

Annual Meeting of the Stockholders is Held at Columbus, Tuesday.

At the annual meeting of the stockholders of the Columbus, Delaware and Marion Electric railway, Tuesday, John G. Webb, of Springfield, George H. Holzberg of Jeffersonville, Ind., O. M. Gottschall of Dayton, N. J. Catrow of Miamisburg, and H. B. Hane of this city were elected directors.

The board organized by electing Mr. Webb president; Mr. Gottschall, vice president; Mr. Catrow, treasurer and Mr. Hane secretary. The extension of the lines of the company and numerous improvements on the main line were discussed at some length, but no definite action was taken. The directors will hold another meeting in the near future to conclude the unfinished business.

## A PROMOTER IN TOWN—

selling stock in the greatest enterprise in the world. Many Marion stockholders who were so fortunate as to obtain shares several years ago, say that they are receiving dividends amounting to from 100 per cent to 500 per cent annually, and are advising their friends to buy quickly.

Like all other enterprises the success in obtaining big dividends depends upon those who handle the business. The stockholders of this concern do not depend upon others for the best results, but have the entire control of their own share, and can make a success in proportion to the personal interest they take. The shares may vary some in price, the average being about \$75 and can be paid for in cash or in easy monthly payments. There is no person in any walk of life that cannot make the best investment of his life in buying one of these shares, as he will always receive big dividends as long as he lives, if he has the ambition to take advantage of this opportunity and get busy. For further information call on W. L. Prentiss, local representative, room No. 2, Huber Bldg. Phones: City 1061, Bell 333Y.

## SEVEN CASES WERE TRIED

During the January Term of Court.

## COURT DISMISSES JURY

Several Cases Were Settled and Dismissed.

Charles Chown Files Suit Against Max Blumberg—May Term of Court will Begin on May 13.

The January term of court has been remarkable not only for the unusually large number of divorce suits filed, but for the remarkably few cases of any kind brought to trial. During the entire term, which was brought to a close Wednesday morning, when Judge Young dismissed the jury from further service, only seven cases were tried. Six were before the regular petit jury and one, the murder case of Giuseppe Giorritta, was tried before a special jury. This is the smallest number of cases tried during any single term of court here in years.

The reasons for this surprising falling off in the trial of cases are purely conjectural. During the past year or so the tendency among local attorneys has been to settle all cases where it could possibly be done. During the year, the number of cases settled and dismissed was probably the largest ever recorded. The term just closed witnessed the settlement of an exceptionally great number of proceedings.

"Where a suit can be peaceably settled, without doing damage to the parties concerned, I always advise my clients to take that course," said well-known attorney, today. "It saves money and worry."

During the term, a great many old cases were dismissed, many of them having been on the docket for years. A number of cases has been assigned for hearing this week, but all were either settled or continued until the next term of court. The May term will begin May 13. The grand and petit juries for this term will be drawn within a week or so.

A suit to quiet a title was brought in the court of common pleas Wednesday by James W. Bain against Josephine Foye and others. The plaintiff, through his attorney, George T. Geran, says that he is the owner of property in Wallace & True's addition to the city, and he says that an error made in the deed, forms a cloud on his title. He asks that the error be corrected.

Charles M. Chown, doing business as the Chown Commercial company, filed a petition in the court of common pleas, Wednesday morning, naming Max Blumberg, doing business as the Marion Chattel Loan company, as defendant.

Chown, through his attorney, L. E. Myers, says that the defendant company contracted to pay \$15 a year for annually receiving a copy of Chown's Retail Report Book, which rates all citizens of the community in which the loan company is in business. The loan company refuses to pay for the second copy, and Chown asks for judgment for \$15, with interest at six per cent, from December 8, 1906.

W. E. Scofield was in Mt. Glen Wednesday, looking after matters relating to the partition suit brought by heirs of the Vorhies estate, in which several Marion people are interested.

## FELL DOWN STEPS

Miss Mabel Seckel is Injured at Caledonia.

While descending the steps at the Caledonia high school building Tuesday afternoon, Mabel Seckel, a pupil, slipped and fell rolling down the stone steps. She was picked up half unconscious and hurried to the office of Dr. J. E. Baker and it was disclosed that she had sustained a severe fracture of the right ankle besides numerous bruises over the body.

## BEWARE OF OINTMENTS FOR CATARRH THAT CONTAINS MERCURY.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c, per bottle.

Take Hall's Family Pills for constipation.

## POURED BELLADONNA DOWN HER FRIEND'S THROAT

Cleveland, O., April 17.—Mrs. Blanche Leavitt Bourdelle was arrested here today on request of the Rochester police. She is charged with assault on Mrs. George Johnson, of Rochester.

The police charge that Mrs. Bourdelle and Johnson were very friendly and that the woman under arrest seized Mrs. Johnson and poured belladonna down her throat. Mrs. Bourdelle denies the charge. The police are also after Johnson, who they say left Rochester with the woman, and who is charged with assisting in the poison plot.

## TELEPHONE POLES PILED ON THE TRACK

Hamilton, O., April 17.—An attempt was made to wreck a Cincinnati, Hamilton and Dayton passenger train at a curve here last night. Telephone poles were piled on the tracks, but the obstructions were discovered in time to prevent a disaster.

## HARRIMAN MAY BE COMPELLED TO ANSWER

New York, April 17.—Before the Interstate Commerce Commission resumes investigation of the Harriman lines, tomorrow, its counsel will ask court for an order compelling E. H. Harriman to answer, which he declined to reply to at a former hearing.
